

For Immediate Release

**DIBO And Friends Take Main Stage At CIBC FirstCaribbean Walk For The Cure
“Den Ambiente Pa Un Bon Kousa”**

Willemstad - The stage is set for 'Dibo and Friends' to take the main stage in 'Den Ambiente pa un Bon Kousa,' an innovative leisure experience to close out the weekend in a unique Curaçao ambiance. All proceeds from this event will go towards the fight against cancer.

On Sunday, October 22nd, from 6:00PM to 10:00PM, the parking area of CIBC FirstCaribbean, located in the heart of Pietermaai, will be transformed into a fitting venue to conclude the weekend and usher in the new week with the best vibes.

“Den Ambiente pa un Bon Kousa' serves as this year's primary fundraising event in Curaçao, as part of the largest cancer fundraiser in the region, CIBC FirstCaribbean's Walk for the Cure. All proceeds generated from Walk for the Cure's fundraising activities in Curaçao are donated to Stichting Prinses Wilhelmina Fonds.

“Den Ambiente pa un bon Kousa” main feature will be Dibo & Friends including Randal Corsen, Heinrich “Richie R.” Pieter and Gilmar Freitas. Den Ambiente pa un Bon Kousa” will be the ultimate celebration to end the weekend, well-deserved, where you will, next to the good music, enjoy no less than 6 food stations (Flavors of the world), while also participating in games and raffles.

Tickets are available for purchase at the CIBC FirstCaribbean branch. For more information, please contact 433-8000 or marketing.curacao@cibfcib.com. Those who have participated in the previous Walk for the Cure events know that assuring a ticket early is essential to ensure participation.

CIBC FirstCaribbean's Walk for the Cure, the region's largest cancer fundraiser, is commemorating its 12th year in 2023. This event initially emerged as a component of the bank's 10th-anniversary festivities and has since expanded to encompass all regions within the bank's membership footprint. The proceeds generated from the walk primarily contribute to the procurement and upkeep of equipment essential for the diagnosis and treatment of cancer patients.
