

**FirstCaribbean International Bank (Bahamas) Limited**  
**Managing Director's Review Of the Results**  
**For the three months ended January 31, 2019**

The Bank reported net income of \$19.8 million in the first quarter, down \$3.0 million or 13% from the first quarter's net income of \$22.8 million in the prior year.

On an adjusted basis, net income was \$23.2 million after adjusting for \$3.4 million in provision for credit losses relating to the impending restructuring of Government of Barbados US dollar denominated debt. Excluding this item of note, the Bank experienced a \$0.4 million or 15% improvement over prior year's net income.

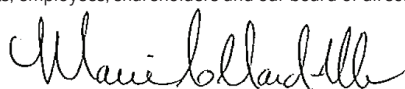

Total revenue was \$50.3 million compared with \$47.5 million, up \$2.8 million or 6% from the first quarter a year ago primarily due to higher interest earnings from performing loans, cash placements and securities, and income from cards services and foreign exchange earnings. Operating expenses were \$30.6 million, up \$4.2 million from the first quarter a year ago due primarily to higher group service costs.

Credit loss expense on financial assets of \$3.8 million was up \$1.6 million against prior year, relating in part to the impending restructure of the Government of Barbados US dollar debt and to growth in performing loan balances, and model enhancements.

At the end of the first quarter, the Bank's Tier 1 and Total Capital ratios were 24.9% and 24.7% respectively, in excess of applicable regulatory requirements. At its meeting on March 26, 2019, the Directors approved an interim dividend of nine cents (\$0.09) per share to be paid on June 14, 2019 to shareholders of record on June 5, 2019.

We continue to invest in providing our clients with a simplified and modern everyday banking experience through ongoing focus on the Bank's digital capabilities. CIBC FirstCaribbean's efforts to strengthen and build the business through deepening client relationships are evidenced by the growth in our core business during the first quarter.

I again wish to thank our clients, employees, shareholders and our board of directors for their ongoing support.

Marie Rodland-Allen  
 Managing Director

**Notes to the Condensed Consolidated Financial Statements**  
 January 31, 2019

**1. Basis of preparation and summary of significant accounting policies**

The accompanying unaudited condensed consolidated financial statements of FirstCaribbean International Bank (Bahamas) Limited (the Bank) should be read in conjunction with the International Financial Reporting Standards (IFRS) consolidated financial statements and notes thereto for the year ended October 31, 2018, included in the Bank's Annual Report 2018. For a description of the Bank's significant accounting policies, see Note 2 of the aforementioned consolidated financial statements.

**Basis of presentation**

Certain financial information, which is normally included in annual financial statements prepared in accordance with IFRS, but not required for interim reporting purposes, has been condensed or omitted. Reclassifications may be made to the prior period's financial statements to conform to the current period's presentation. These unaudited condensed consolidated financial statements reflect, in the opinion of management, all adjustments that are necessary for a fair presentation of the unaudited condensed consolidated financial statements for the interim periods presented.

The results of operations for interim periods are not necessarily indicative of results for the entire year.

In preparing these unaudited condensed consolidated financial statements, management is required to make estimates and assumptions which affect amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

The consolidated interim financial statements include the accounts of the following wholly owned subsidiaries:

- Sentry Insurance Brokers Ltd.
- FirstCaribbean International (Bahamas) Nominees Company Limited
- FirstCaribbean International Land Holdings (TCI) Limited

**Current period changes in accounting policies**

The Bank adopted IFRS 9 "Financial Instruments" (IFRS 9) in place of IAS 39 "Financial Instruments: Recognition and Measurement" (IAS 39) in the first quarter of 2018 in keeping with its ultimate parent CIBC, who early adopted to comply with OSFI's advisory that requires that domestic systemically important banks (D-SIBs) adopt IFRS 9 for their annual periods beginning on November 1, 2017, one year earlier than required by the IASB. IFRS 9 was applied on a retrospective basis. As permitted, the prior period comparative consolidated financial statements, which are reported under IAS 39, were not restated and are therefore not comparable to the information presented for 2018. The adoption of IFRS 9 in the first quarter of 2018 resulted in changes in accounting policy in two principal areas, classification and measurement and impairment. We have elected, as a policy choice permitted under IFRS 9, to continue to apply the hedge accounting requirements of IAS 39.

**Dividends**

At its meetings held on September 13, 2018, the Directors approved a regular, interim dividend of nine (\$0.09) per share, amounting to \$10.8 million, which was paid on December 10, 2018. Additionally, at the Board of Director's meeting of December 17, 2018, a final dividend of nine cents (\$0.09) per share was declared, amounting to \$10.8 million. The dividend, which is payable to shareholder of record on January 31, 2019, will be paid during the second quarter, and therefore these condensed consolidated interim financial statements reflect an amount payable as of January 31, 2019 with an offsetting equity distribution of retained earnings.

At the Board of Director's meeting held on March 26, 2019, an interim dividend of nine cents (\$0.09) per share was payable on June 14, 2019 to shareholders of record as of the close of business on June 5, 2019. The consolidated unaudited financial statements do not reflect this resolution.

**Notes:**

The Bank's operations are organized into four segments: Retail and Business Banking ("RBB"), Corporate and Investment Banking ("CIB") and Wealth Management ("WM"), which are supported by the functional units within the Administration ("Admin") segment (which includes Treasury, Finance, HR, Technology & Operations, Risk and Other). Treasury activities within the Administration segment includes the impact of charges or credits with a market-based cost of funds on the SBU assets and liabilities respectively. Capital is attributed to the SBUs in a manner that is intended to measure and align economic value with the underlying benefits and risks associated with SBU activities. Earnings on unattributed capital remain in Administration. Management reviews the transfer pricing methodologies on an ongoing basis to ensure they reflect changing market environments and industry practices.
